

Information Pack

S.Y. 2025-2026

AN OVERVIEW OF OUR FLEXIBLE AND PERSONALIZED EDUCATION PROGRAMS

THE HG FORMULA

HOW EACH OF OUR PROGRAMS HELP YOU
PERSONALIZE YOUR CHILD'S EDUCATION

Learn ACADEMICS

Academic services including curriculum type, advisor support, assessment, curriculum options* to choose from, and records support

Learn services are program-specific. We have eight programs you can choose from, each one intentionally designed to help your children learn effectively. Program highlights are detailed on each program page.

*available at a separate fee

Connect COMMUNITY

Family community groups ("Learn Groups") clustered by location, get together for collaborative experiences

We also have a thriving online community platform that serves as a resource portal and interactive channel for families from all over the world.

Students may join a variety of clubs and engage in exciting events organized by *High Unite*, HG's high school organization.

Shine EVENTS

Enjoy on-site and virtual events where your children can showcase giftings, and celebrate milestones with your HG peers and the larger HG community

Equip TRAININGS

A suite of seminars focused on equipping you to become the best Teacher/Facilitator for your child

Note: The contents of this Infopack are current as of the date of sending. Should there be any updates for SY 2025-2026, the new versions will be provided promptly.

MAKING THE CHOICE

UNDERSTAND HOW MUCH SUPPORT EACH PROGRAM CAN GIVE YOU
IN RELATION TO HOW INVOLVED YOU CAN BE

TOUCH

All Touch programs involve parental instruction, meaning the facilitating of the lessons and the grading will be your main responsibilities. There are three Touch programs you may choose from, which offer customizable and preset curriculum. Touch provides comprehensive Advisor support that are tailor-fit based on your chosen program.

TECH

Whether you opt for a fully online, a blended curriculum, or a customizable one, only parental supervision is involved. Your main responsibility is to be your child's learning facilitator, helping him/her navigate his/her lessons and learning materials, as well as overseeing grades on the online platform. You will have a designated Advisor who will provide essential academic support.

ONLINE ACADEMIES

Enjoy the best of asynchronous and synchronous learning through these two programs that combine the flexibility of homeschooling with teacher-led meetings or sessions. Anchored on a structured and comprehensive video-rich curriculum, only minimal parental supervision is required with teachers handling the grading and conducting online meetings.

TOUCH

Parent-led learning with comprehensive advisor support involving parental instruction

CURATED

Customizable curriculum with comprehensive support and guidance from seasoned Advisor

CHARLOTTE MASON

Customizable Charlotte Mason curriculum with comprehensive support and guidance from a Charlotte Mason Specialist

CLASSICAL

powered by

Classical Christian Community

World-renowned classical, Christian curriculum focused on a loving and striving community, with weekly classes led, supported, and guided by a licensed Program Tutor and powered by Classical Conversations Philippines

TECH

Parent-led learning with platform-driven essential advisor support involving parental supervision

BJU (BLENDED)

High-quality blended curriculum with essential Advisor support

AOP (FULLY ONLINE)

High-quality fully online curriculum with essential Advisor support

CUSTOM (OPEN)

Customizable open curriculum with platform-driven essential Advisor support and basic academic assistance for records designed for homeschooling families on their third year and up

ONLINE ACADEMIES

Flexible online learning with teacher supervision, grading, and optional academic classes involving minimal parental supervision

ONLINE ACADEMY

Comprehensive on-demand video lessons with Class Advisor support, grading academic classes, and weekly homeroom classes (asynchronous learning)

VCIS ONLINE

A full virtual campus experience by HG's partner school, VCIS, grounded on a Biblical worldview, it offers a fresh and flexible take on online school through a healthy balance of synchronous and asynchronous learning

AT A GLANCE

Check out this guide to see which program suits your family well based on how much flexibility or structure you prefer and how involved you can be in teaching your child

Touch

Parent-led learning with comprehensive advisor support involving parental instruction

“

Through homeschooling, our family really got closer, we became better parents because of homeschooling. HG offers lots of trainings so you don't have to worry—it's a journey that we are in together. We're grateful to our advisors for guiding us through and through."

Jesse and Kat Tan

Homeschooling parents under the Touch Program

Tech

Parent-led learning with platform-driven essential advisor support involving parental supervision

“

The Tech program has opened my children's minds to many new things. The lessons do not bore them—they look forward to studying. It's holistic, it covers the technical parts, but also integrated is the moral side, the spiritual side. I'm glad my children got the opportunity to learn this way."

Vanessa Bernad

Homeschooling two children under the Tech program

Online Academies

Flexible online learning with teacher supervision, grading, and optional academic classes involving minimal parental supervision

With Online Academy, I like that there's a structure already, we have the materials, we have the books, so we just have to follow. When I asked my daughter, 'How does this compare to your school before?', she said she's doing the same amount of work, but she's learning more. So, that's what I like because she's learning more and she understands it more maybe because of the way it's explained in Online Academy and also the way we explain it."

Kaye Olfindo

Homeschooled one child under the Online Academy Program

ENROLLMENT REQUIREMENTS

Enrollment requirements should be attached as scanned copies to the online enrollment application. Original documents must be submitted to the Registrar's Office within one (1) month of enrollment.

1. Photocopy of Birth Certificate issued by the Philippine Statistics Authority

Note: Original birth certificate should be submitted for incoming Nursery, Pre-K, and Kinder

2. Original report card

Most recent report card (F-138) duly signed by the school head. The report card should clearly indicate the grade level completed and certify eligibility for admission or transfer.

Also accepted: Original PEPT result

3. LRN - Learner Reference Number

(For incoming Grade 1 to 12 students from Philippine schools)

4. Transcript/School Records

For students enrolling under Philippine curriculum type:

- *From schools outside the Philippines:*
Authenticated school records

For students enrolling under US curriculum type:

- *From schools outside the Philippines:*
Original school records

5. ID Picture

Digital copy of the child's latest photo (white background)

FREQUENTLY ASKED QUESTIONS

What programs can we choose from for School Year 2025-2026?

- **TOUCH - CURATED:** Customizable curriculum with comprehensive support and guidance from seasoned Advisor, for Kinder until Grade 12 students (Nursery program also available). Program fee: P35,900 per learner. Sibling discounts apply: 25% for the second child, 50% for the third child, 75% for the fourth child and up (applied on the base program fee).
- **TOUCH - CHARLOTTE MASON:** Customizable Charlotte Mason curriculum with comprehensive support and guidance from a Charlotte Mason Advisor, for Kinder until Grade 10 students. Program fee: P35,900 per learner. Sibling discounts apply: 25% for the second child, 50% for the third child, 75% for the fourth child and up (applied on the base program fee).
- **TOUCH - CLASSICAL:** Classical Christian curriculum with comprehensive support and guidance through weekly community classes, powered by Classical Conversations Philippines, for Pre-Kinder until Grade 10 students. Program fee: P35,900 per learner. Sibling Discount offered, 10% off of Program Fee with additional Program Discount of P18,000 offered.
- **TECH - BJU (BLENDED):** High-quality blended curriculum with essential Advisor support, for Pre-K until Grade 10 students. Program fee: P22,900 per learner.
- **TECH - AOP (FULLY ONLINE):** High-quality fully online curriculum with essential Advisor support, for Grades 3 until Grade 12 students. Program fee: P22,900 per learner.
- **TECH - CUSTOM (OPEN):** Customizable open curriculum with platform-driven essential Advisor support and basic academic assistance for records designed for homeschooling families on their third year and up, for Kinder until Grade 12 students. Program fee: P22,900 per learner.
- **ONLINE ACADEMY:** Comprehensive on-demand video lessons with Class Advisor support, grading, and weekly homeroom classes (asynchronous learning), for Kinder to Grade 12 students. Program fee: P45,900 per learner.
- **VCIS ONLINE:** A full virtual campus experience by HG's partner school, VCIS, grounded on a Biblical worldview, it offers a fresh and flexible take on online school through a healthy balance of synchronous and asynchronous learning, for Kinder to Grade 12 students. Program fee: Kinder to Grade 2: P74,900 per learner; Grades 3 to 6: P70,300 per learner; Grades 7 to 10: P72,900 per learner; Grades 11 and 12: P79,750 per learner.

**All program fees exclude curriculum materials*

FREQUENTLY ASKED QUESTIONS

How do I know which program to choose?

Your program of choice will depend on factors like preferred curriculum, preferred amount of support, schedule, testing method, assessment type, etc. But don't worry, you can take our program recommendation questionnaire to discover the best fit for your child's needs and your family's lifestyle.

A specialized developmental service is available for exceptional or challenged learners, auxiliary to the Touch - Curated program.

How early can I start homeschooling?

For students aged 2 and 3, HG's Nursery program uses the Kidstarter Curious Curriculum, while Pre-K students aged 4 may take any of the following: Touch - Curated, Touch - Classical, or Tech - BJU. DepEd accreditation officially begins in Kinder, and the child must be 5 years old by June 1. For those who will be turning 5 between August 2 to October 31, students must take the Kinder Readiness Test first. For Grade 1, students need to be at least 6 years old.

Can I work and homeschool at the same time?

It is certainly possible to work and homeschool your children. We recommend that you use a structured program (Online Academy, VCIS Online, or Tech - BJU) that will allow you to be your child's learning facilitator rather than the teacher if you are not able to dedicate the recommended 2 to 3 hours daily for teaching time. As a facilitator, you connect the child with the learning tool and curriculum, and supervise and guide them.

The Tech - BJU program is very helpful as it provides comprehensive video lessons by subject specialist teachers. The Online Academy program provide additional assistance to facilitators through Class Advisors who monitor progress, provide lesson schedules, and conduct weekly homeroom classes. VCIS Online includes daily live online academic classes including grading and teacher supervision, additional synchronous class time for lessons and guided work, guidance on flexible weekly schedules, daily homeroom meetings, and weekly study halls.

FREQUENTLY ASKED QUESTIONS

Are you DepEd-accredited?

We offer two forms of accreditation, US and Philippine accreditation. The DepEd accreditation (Philippine curriculum type) is provided by our partner school, Victory Christian International School, included in the rankings of the Top Ten International Schools in Metro Manila ([The Knowledge Review Magazine, 2018](#)). VCIS is DepEd accredited for K-12 and holds a valid Home Education Permit (HEP) which is required by DepEd for a school to operate homeschool programs (kindly visit this [page](#) for the full details of VCIS' school ID and permits). The US accreditation (US curriculum type) is provided by our partner school, Wellspring Christian Family Schools based in Maryland U.S.A., a Tier 1 NCAA-accredited school, and is particularly beneficial for those who are planning to enroll their child in a college abroad or are expats.

I am a Filipino living outside the Philippines with my children. Can I still enroll my children through HG?

Yes, you may enroll under the US curriculum type through our US partner school. You may also enroll under the Philippine curriculum type through our Philippine partner school's distance learning program.

Which curriculum type should I choose: Philippine or US?

In choosing the curriculum type, you must factor in future plans. Both curriculum types are recognized in the Philippines and abroad. We have had graduates accepted into top Philippine universities such as UP, Ateneo, and De La Salle, as well as international universities such as Brown, NYU, Stanford, and University of Georgia. Under the US curriculum type (accreditation), students will not be required to study Filipino language or Araling Panlipunan, but rather, US History and a foreign language. By default, all our programs include Philippine curriculum type in the fees; the US option is available at an additional fee.

Grades 11 & 12 US curriculum type are available under Touch - Curated, Tech - AOP, Tech - Custom, and Online Academy (Grade 11 only) with multiple elective options.

Whichever curriculum type you choose, it will not be impossible for you to transition to conventional schools, should you wish to in the future. Conventional schools will recognize the academic records issued by our partner schools. Some conventional schools may have additional requirements for incoming students with foreign documents.

FREQUENTLY ASKED QUESTIONS

How do I choose the books and learning materials appropriate for my child?

If you choose the Online Academy, VCIS Online, Tech - BJU, or Tech - AOP programs, these follow curriculum packages which include the books and materials you will need for the school year. The package will be purchased together with enrollment and books, shall be provided within 14 days* of enrollment. For the Touch - Curated and Touch - Charlotte Mason programs, you will be provided a book list upon enrollment, which contains our recommended books as well as a list of optional/alternative books you may purchase, including online/digital platforms such as BJU DLO and AOP Ignitia. You may also schedule a curriculum consultation with a Learning Advisor who can guide you in making your choice. The Touch - Classical program has a preset curriculum, but you may also add supplemental materials should you deem fit. For the Tech - Custom program, you have the flexibility to put together your child's curriculum, subject to DepEd and US alignment approvals.

*May vary for interisland or international destinations

What is the difference between Touch, Tech, and Online Academies?

HG program categories are differentiated according to level of support and type of educational facilitation required. All three Touch programs require parental instruction and include comprehensive support and guidance from Advisors. Touch - Curated, Touch - Charlotte Mason, and Touch - Classical vary when it comes to method and curriculum used.

All three Tech programs only require parental supervision and include platform-drive essential Advisor support. Each Tech program utilizes a different type of curriculum: fully online (Tech - AOP), blended (Tech - BJU), and open curriculum (Tech - Custom).

The Online Academies programs, on the other hand, include teacher supervision, grading, and optional academic classes, and only require minimal parental supervision.

FREQUENTLY ASKED QUESTIONS

What is the difference between Tech - AOP and Tech - BJU?

Tech - BJU is a blended curriculum provided by BJU Press, and features a blend of online comprehensive video lessons (on-demand) by expert teachers and materials, as well as printed books and worktext books for the student that come with the curriculum bundle. Tech - BJU is for Pre-K to Grade 10 students.

Tech - AOP, open to Grades 3 to 12, is a fully online curriculum provided by Alpha Omega Publications. This means all of the lessons and materials will be available online. Tech - AOP is ideal for visual and independent learners who may not need comprehensive video lessons but would benefit from the interactive text-based curriculum. This online curriculum is ideal for high schoolers as it includes an array of electives and test prep courses (SAT, GED, etc.)

Both programs provide essential academic support from an advisor, which includes grading guidance, online platform navigation, and exams.

What's the difference between Tech - BJU and Online Academy?

The main difference is that Online Academy has Class Advisors. They are in charge of the weekly homeroom classes and help parents monitor their child's weekly progress. Both programs use BJU DLO as their curriculum, which features recorded videos of lessons delivered to your child on-demand by expert teachers.

What's the difference between Online Academy and VCIS Online?

Online Academy includes weekly homeroom classes with a Class Advisor, who also does the grading of academic subjects, as well as provides lesson schedules and weekly progress reports. VCIS Online offers a full virtual school experience, including daily live online academic classes anchored on a high-quality Biblically-integrated curriculum and learning plan; live class time for lecture, guided work, and flipped learning; daily homeroom meetings, and study halls for additional tutoring.

FREQUENTLY ASKED QUESTIONS

How can I qualify for Tech - Custom?

If you have completed at least two school years of homeschooling with proper documentation, Tech - Custom is a good avenue to practice the training and experience you have acquired through the years. Through this program, you will get basic academic support for records to ensure a smooth homeschool journey on the administrative side so you can focus on crafting an enriching learning experience for your children. Kindly take note that your application will be subject to a review and approval process, to determine your readiness for the program.

What strands are available for Senior High School (DepEd)?

For school year 2025-2026, HG offers two (2) tracks under the Philippine curriculum type:

- **Academic Track**
 - GAS - General Academic Strand
 - ABM - Accountancy, Business, and Management
 - STEM - Science, Technology, Engineering, and Math
 - HUMSS - Humanities and Social Science
- **Arts and Design Track**

These tracks are available under the Touch - Curated, Tech - Custom, and Online Academy (except Arts and Design Track) programs.

Are installment plans available?

Our Touch, Tech, and Online Academies programs offer one-time, two-part (with 3% installment fee), and five-part (with 8% installment fee) payment scheme options. Installment options are available for curriculum bundles upon enrollment (Ignitia and BJU DLO).

What other fees need to be settled on top of the program fee?

- Online Testing with Learning Enhancement Tool - P2,950 (for Grades 1 to 12)
- Learning Materials - P4,000 to P30,000 (Touch - Curated); P2,000 to P30,000 (Touch - Charlotte Mason); P7,000 to P10,000 (Touch - Classical); P10,000 to P30,000 (Tech - BJU); P23,000 to P25,000 (Tech - AOP); P6,000 to P30,000 (Tech - Custom); P20,000 to P30,000 (Online Academy and VCIS Online); P12,000 (additional learning materials for Online Academy PH Curriculum Type and VCIS Online Grades 11 and 12); P24,650 (Online Academy US Curriculum Type Grades 11 and 12)
- Miscellaneous Fees - P190 (Nursery and Pre-K); P990 (Kinder to Grade 6), P1,490 (Grades 7 to 12)

As applicable:

- WCFS US Curriculum Type Fee - P12,500 (Pre-K to Grade 8); P20,000 (Grades 9 to 11); P27,500 (Grade 12)

- Senior High School Fee (Grades 11 and 12 Touch Curated, Tech Custom, and Online Academy PH Curriculum Type only) - P15,000

FREQUENTLY ASKED QUESTIONS

Does enrollment follow the conventional school calendar?

Enrollment for families follow the June, September, and December (US curriculum type only) cycles. Thus, interested families have the advantage of starting homeschooling earlier or later than June. The school year should ideally be completed in 10 months; however, you have the flexibility to take the program up to 12 months, free of charge. You may also extend up to a maximum of 15 months, except for those under the December cycle (pro-rata fees apply).

Is Bible a curriculum requirement?

HG welcomes and serves homeschooling families regardless of faith or religious background. Seeing through the years the genuine transformation in the lives of many families and students who applied biblical principles in everyday living, HG promotes Bible-based values education (EPP/GMRC) for homeschoolers as a curricular requirement by its accrediting schools. The Bible is a required integral textbook and is central in all the curricular offerings of HG and all its accrediting schools (VCIS, TMA, and WCFS).

Can I hire a tutor?

Yes, you may hire a tutor to assist with homeschooling. The tutor may undergo the included training programs together with the parent.

HG also offers Online Group Tutorials in Math, Science, English, Filipino, and Social Studies for Grades 1 to 10 students under Touch, Tech - BJU, Tech - AOP, and Online Academy (PH and US curriculum type) through the help of professional teachers. Good for one academic year (or 10 months), the tutorial will happen in a group setting wherein your child will join other students of the same grade level. There is a set mini-lesson for 15 minutes, but the majority of the time (35 minutes) is given for students to ask questions via chat while the teacher will discuss these questions or finish with a check up game or activity if there are no questions.
